

### **Requirements of the Holy Week and Easter celebrations in order to join the network**

1. Singularity: i.e. celebrations that owing to particular circumstances add a new value or offer specific values of interest.
2. Authenticity: in terms of celebrations that have enjoyed clear continuity in time, including any necessary adaptation, but preserving most of their original values.
3. Validity: in that the celebrations are fully implanted socially in the town with a clearly defined bearing community.
4. Interest of external collectives: which can be assessed by the tourist interest that the celebrations attract and the declarations and awards they have received.
5. The wish to join the network: measured in terms of the real degree of involvement of the collectives in each town towards their interest in the project; shown by
  - Agreement to apply to join the network supported by the administrative authority with effective power in each case.
  - Declaration in favour from the brotherhoods and confraternities involved, which will be shown by their agreement to participate in the project.

At least four of the five requirements must be fulfilled clearly. Moreover, Point 5 is mandatory in the case of all the applications.

An official form will be created with all the above points and simple explanations to facilitate its completion by applicants. During the application procedure, the Scientific Committee can help the applicant by clearing up any doubts as regards the preparation of the documentation.
