I DAY OF THE EUROPEAN NETWORK OF HOLY WEEK AND EASTER CELEBRATIONS

The aim of the **Day of the European Network of Holy Week and Easter Celebrations** is to make Holy Week's intangible and tangible cultural values of the Network's towns known all throughout the year as potential touristic and cultural offer for locals as well as for visitors.

The program includes activities that will be carried out simultaneously in all the towns that belong to the Network during the 1st and the 2nd of October. It is a way of showing the multitude and variety of manifestations that take place in the countries that belong to this European cultural network. The program includes Doors Open Days at Holy Week museums and Brotherhood Associations, visits to religious art workshops and contemporary art workshops, themed guided visits revolving around the Holy Week, concerts of Holy Week and brotherhood music, etc. The Network also organizes a **drawing contest for children** (the rules of the contest are available at: www.holyweekeurope.com).
