La espalda queda parcialmente al descubierto. Las gotas de sangre del rostro están realizadas en cristal, mientras que la corona ha sido tallada en una sola pieza. Porta una cruz de sección circular. La talla incorpora, además, el icono identificativo del maestro Zafra, situado de forma discreta y difícilmente perceptible a simple vista.

VALORES SINGULARES:

La Archicofradía del Cordón, estrechamente vinculada a la Venerable Orden Tercera franciscana, fue fundada en 1989 por vivarienses residentes fuera de Viveiro. Durante años, sus miembros portaron la imagen del Sagrado Corazón de Jesús. En 2004 se constituyó, con estatutos propios, la Cofradía de Nazarenos Dos de Fóra, que desde 2012 cuenta con paso propio de Nuestro Padre Jesús Nazareno.
En la actualidad, la cofradía reúne a un amplio número de hermanos de Viveiro, junto a numerosos vivarienses de la diáspora.

DESCRIPTION:

Full-body figure carved from royal cedar wood; it is painted in polychrome oil and dressed in a classically cut maroon tunic that is fastened at the waist with a golden cincture. The back is partially exposed. The blood droplets on the face are made of glass, while the crown has been carved from a single piece. It has a cross with a circular cross-section. The carving also features the distinctive emblem of Master Zafra, discreetly located and difficult to see with the naked eye.
